(56% of county total)

THE AGRICULTURE SECTOR BENEFITS THE ENTIRE COUNTY

Scattered across Sauk County’s driftless region, you will find many family farms and local agri-businesses. The dairy industry continues to be a prominent industry for the county. In addition to dairy, Sauk County is a leader in the state for the production of hogs and cattle. There is also a strong connection to the farm through farmers markets, CSAs and agritourism including: harvest festivals, various pick-your-own operations, bed and breakfasts, meat markets, cheese factories, and lavender farms around the county. Overall, agriculture has a tremendous impact on the county landscape, and the variety of family farms continue to keep agriculture thriving in Sauk County.

SAUK COUNTY IS
No. 2 in Wisconsin’s
hogs & pigs industry

Extension
 UNIVERSITY OF WISCONSIN-MADISON

The University of Wisconsin–Madison Division of Extension is part of the local and statewide network of organizations and agencies that support Wisconsin’s \$104.8 billion agriculture industry. Extension helps enhance the economic impact of agriculture by providing research-based information that increases farm profitability, improves food safety, reduces environmental impacts and expands agribusiness networks.
